

Year 10 - Science Assessment and Curriculum Map

Term	Modules studied	Assessment*
Autumn 1	B4 Organising animals and plants. C4 Chemical calculations P4 Electric circuits	Assessment point 1
Autumn 2	Year 10 work experience C5 Chemical changes P5 Electricity in the home P6 Molecules and matter	
Spring 1	C6 Electrolysis B6 Preventing and treating diseases. B7 non-communicable diseases P7 Radioactivity	Assessment point 2
Spring 2	C7 Energy changes P8 Forces in the balance C8 Rates and Equilibrium	
Summer 1	B8 Photosynthesis B9 Respiration Revision	
Summer 2	PPEs C9 Crude oils P9 Motion P10 Forces and Motion	Mocks

*All students will complete end of module tests for each unit.
