

PROSPECTUS

Inspire and engage our learners through
a wide range of positive experiences

“As soon as we met the friendly staff and saw the amazing facilities we knew that Stantonbury was the right choice”

Stantonbury School Parent, 2021

Welcome to Stantonbury School

It is a real pleasure to welcome you to Stantonbury School.

I feel incredibly privileged to be working with an amazing group of adults and children who are striving together to ensure that every child can recognise their full potential. It is important for me that children are happy and secure in their learning. Education is a lifelong journey, and it is our role to guide our young people through that journey – avoiding the potholes, planning the route for the future, and knowing when it is time to speed up or slow down. Sometimes the messages are difficult, and it is important that we all understand the goal for all our children is to leave Stantonbury School with the academic and social skills to be successful in whatever path they take in adult life.

In this prospectus we hope to give you a flavour of what Stantonbury could offer your child. We encourage prospective parents to visit the school; you will be made very welcome.

Ben Wilson

Associate Principal

Our Vision, Values & Ethos

Respectful,
Responsible
and Resilient

Our approach is to inspire and engage our learners through a wide range of positive experiences.

Nurtured through praise, encouragement, acknowledgement of success and celebration of achievement we will find a way to help every student work hard, achieve highly, and fulfil their potential as Respectful, Responsible and Resilient citizens who are proud to claim that they are part of the Stantonbury tradition.

“The school does a lot to help and support my child. She’s doing really well and is happy in school”

Stantonbury School Parent, 2021

“It took a bit of time to get used to having so many different teachers but I really enjoy learning so many subjects”

Stantonbury School Year 7 Student 2021

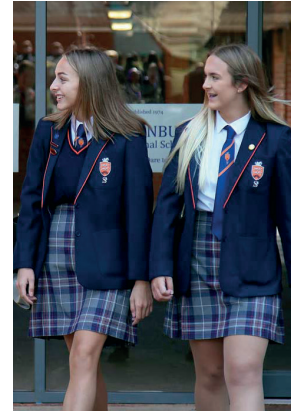

Teaching & learning

Providing high quality teaching and opportunities for learning is the top priority at Stantonbury School.

Our broad curriculum means that students have access to a full range of academic and practical subjects. As we are a large school we have a full range of specialist teachers who have access to amazing specialist facilities. Students are taught in various groupings to ensure the best opportunities for learning. In some subjects this means that students are in ability sets and in others in mixed ability classes.

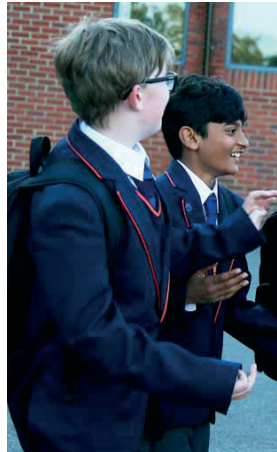

Support

There are a wide range of support mechanisms at Stantonbury School to help students succeed.

Our excellent careers and advice provision helps students progress to the next stage of their education and training and we are proud of their destinations when they have left Stantonbury. We are fortunate to have an amazing team of professionals who provide specific interventions and support for those students need it. We have a student welfare manager who coordinates the work of the counsellors, youth workers, the mental health team and pastoral mentors so that we can support your child during their journey through secondary school.

Special Education Needs

Our dedicated Special Education Needs team work with a range of students who have additional needs.

This highly qualified and experienced team will work with parents to ensure that your child's needs are met and to ensure that they transition well from Primary School. The team have a wonderful resource base where we offer small group work and other interventions.

A photograph of two young Black women in school uniforms. They are both wearing dark blue blazers with red and orange striped ties. The woman on the right has her arm around the shoulder of the woman on the left. They are both smiling and looking towards the camera. In the background, there is a red brick building and other people, suggesting a school setting. A dark blue curved shape is overlaid on the top right of the image, containing white text.

“My child needed extra support during transition last year. The head of year and wellbeing team were amazing in helping him to settle”

Stantonbury School Parent, 2021

“It’s so cool to come to school with so many amazing facilities – the music recording studio is my favourite”

Stantonbury School Student, 2021

Facilities

Few schools can offer the range of facilities that are available at Stantonbury.

Sports facilities include a swimming pool, athletics track, 4g Astro Turf pitch, gym, 2 sports halls and outdoor courts. We also have a 250 seat professional theatre and dance and drama studios. There is a fully equipped music recording studio and practice rooms. In January 2022 our new teaching block opens which will offer 13 science laboratories, art studios, design technology suites and general classrooms.
